I was watching my teammates in the "top of the table" clash in Group D between ULI and Objectivity. Match 6, Board 10. Teammates had an auction to the elegant spot of 5S after a relay auction in which South had shown any 16+ and North a 3541 shape with 13+pts, 5 controls including DA.

The lead of the DK was spectacular, but to unblock the Queen, playing partner for KJ9 was brilliant and one of the best plays I have seen in a long time. Surely in contention for the Best Defence award?
