## IT'S NOW OR NEVER

### Ranking after Round 4

#### Group OCBL

1		Friends	52.29
2		ECF Holding	51.35
3		Seligman	49.66
4		Netbridge	45.05
5		Scorway	42.19
6		Harris	31.85
7		Yellow Cap	31.71
8		Jupiter	24.9

*A bridge player's favourite Christmas gift*

#### Group ALT

1		Uli	66.82
2		Rippey	51.71
3		New Amateurs	47.29
4		Crocodile	44.86
5		Peanuts	37.74
6		Fredin	32.58
7		Cantor	31.70
8		Reynolds	16.30

We are halfway in the qualification stage.

Four more rounds, and the top 2 teams from each group will advance to the Semifinals:

#1 ALT vs #2 OCBL

#1 OCBL vs #2 ALT

There will be no Swiss for the non-qualifiers.

Semifinals and Finals (1/2 and 3/4 place) will be played over two segments of 10 boards each.

There will be the following carryover:

- In the Semifinals, the winner of each group gets a carry-over of 4.1 IMP.
- In the Finals, the team that scored more points in the qualifying stage get a carry-over of 0.1 IMP as a tiebreaker.

At the moment, team Friends are leading the ranking in the OCBL group, with 52.29 VPs.

In the ALT group, the leaders are team Uli, with 66.82 VPs.

### SCHEDULE TODAY

# Up for the Cup!

by Mark Horton

Welcome to the ALT-OCBL Grand Final!

While post-Christmas celebrations continue in the run up to New Year's Eve, our on-line stalwarts are back to entertain you.

I'm hoping they play quickly so I can catch the tail end of the Premier League encounter between Manchester United and Nottingham Forest, and I will also be keeping an eye on the World Rapid Chess Championship taking place in Almaty, Kazakhstan.

## Round 1

### OCBL Group

The carry over conditions meant that Seligman started with 4.00, Harris with 2.50, Netbridge with 2.00 and Scorway 0.50.

### ALT Group

Here New Amateurs had 3.50, Fredin 3.00, Uli 1.50 and Peanuts 1.00.

Spoiler alert! It was an exciting set of deals.

1NT 13+-16

Dble Majors or one minor

East's second pass was alerted as 'to redouble' but West was not interested.

North led the ♦A and switched to the ♥3, South winning with the ace and returning the two. North won with the ten, cashed the king and exited with the eight, South winning and playing the ♠9 to the jack and queen. South had played the ♥Q under the king and that might have been the reason why North now exited with a low spade which meant declarer was only one down, -100.

1♣ Polish Club

West led the ♣K and switched to the ♦2, declarer taking dummy's king and playing two more rounds of the suit. East won and played a fourth diamond, declarer ruffing high, and playing a spade to the queen followed by the ace and another spade. He ruffed the club return in dummy, ruffed a spade with the ♥Q and played trumps for +620 and 11 IMPs.

In the OCBL Group five pairs bid 4♥.

In the ALT Group it was reached four times. The luckiest player was Cedric Lorenzini who played in 1NT, got a spade lead from North, who then ducked the ♦Q. It was still a loss of 2 IMPs against 2♥+2 in the other room.

Declarer ruffed the spade lead, went to dummy with the ♥J, ruffed the ♠J, drew the outstanding trump and gave up a club, claiming the rest, +1430 and 11 IMPs.

No one else bid the slam in either group.

Barnet Shenkin and Brian Spears saved in 4♠ - only -800 which would have been fine if their teammates had bid the slam.

After a similar start where West overcalled 1♠ and East raised to 3♠ South continued with 4♣ and North raised to game, giving Bremer and Verhoef 10 IMPs against the 4♣ reached in the other room.

In the ALT Group only Ilan Bareket and Nathalie Saada reached game, their 3NT being worth 10 IMPs.

I cannot tell you what South's 2NT promised, but North had no trouble pushing on the virtually laydown slam, +1370 and 13 IMPs.

Here is how Kamil Nowak and Mike Rippey managed it:

North led the ♦2 and declarer went up with dummy's ace and played three rounds of spades ditching a diamond. Declarer cashed the top hearts and then cross ruffed hearts and diamonds. North pitched diamonds so he could overruff the fourth diamond with the ♣A and exited with a club, but declarer had a high cross ruff to secure the last two tricks, +1370 and 12 IMPs.

6♣ was reached at two other tables, both declarers receiving a spade lead. When they continued with three rounds of hearts North could pitch a spade and declarer no longer had a route to 12 tricks.

### Harris v Seligman

Open Room

West	North	East	South
Seligman	Isporski	Pszczola	Trendafilov
—	Pass	1♠	Pass
3♥*	Pass	6♥	All Pass

3♥ Natural, invitational

North led the ♣A and switched to the ♦7 for the queen and king. Declarer ruffed a club, cashed the ♠A, ruffed a spade, played a heart to the eight and ruffed a spade. He had the entries to establish and enjoy a long spade, +980.

Closed Room

West	North	East	South
Gross	Starkowski	Root	Kwiecien
—	Pass	1♠	Pass
3♥*	Pass	4♥	All Pass

3♥ Natural invite

Here East did not think his hand to be worth more than game and that meant the loss of 11 IMPs.

If you think 6♥ is too much (give West a doubleton spade) and Pass too little, then perhaps a cue bid of 4♣ is the way to go. Here partner can respond 4♦ when East is probably worth 4♠ which should lead to the slam.

Lorenzini and Robert followed this route, with East asking for key cards over 4♦ before bidding the slam.

Sam Punch and Stephen Peterkin bid 1♠-2♥-4♣\*-4♦\*-4♠\*-4NT\*5♥\*-6♥ - a splinter, a couple of cue bids and RKCB doing the job.

Both pairs collected 11 IMPs for their teams.

West led the ♠Q and when East followed with the nine, declarer ducked which saw West continue with the ♠2. Declarer won with the jack and played three rounds of clubs, +600. As a former resident of Bath I think I know the name of this piece of play. How easy it is for West to switch to a heart or club at trick two I leave you to judge.

East led the ♦5 and declarer took dummy's ace, played a club to the king and a heart for the jack and queen. West returned the ♦10 and East ruffed and exited with the ♣Q, the defenders scoring two more tricks for -100 and 12 IMPs.

In the OCBL Group 5 pairs tried 3NT, four of them recording nine tricks. Phil King was the unlucky declarer - Ming Sheng led the ♠K and when his partner followed with the three he switched to the ♥Q - 'get out of that' as Eric Morecambe would have said.

The ALT Group saw 7 pairs in 3NT, but five of them were defeated, all the defenders switching to a heart at trick two.

South led the ♦8 and North took the ace and switched to the ♥6, South winning with the queen and returning the two to North's ace. Declarer took the third round of the suit, cashed dummy's ♣AQ and played a spade for the queen and ace. When the ♥8 came back declarer won and claimed nine tricks, +400.

South led the ♥2 and North won with the ace and returned the ♥7, South winning with the queen and switching to the ♦5, North putting in the nine. Declarer won with the queen, crossed to dummy with the ♣Q and played a spade for the queen and ace. Back came the ♠6 and when declarer put in dummy's eight North won and cashed the ♦A for -50 and 10 IMPs.

If Declarer was confident that North held the ♦A there is a case for playing the ♠K on the second round of the suit. As long as North has no more than two spades you don't need the jack to fall.

The other pair to bid 3NT made it easily when declarer was treated to three rounds of hearts and North won the first round of diamonds.

In the ALT Group 3 pairs bid 3NT, all of them getting a diamond lead from South. Two were successful. From a defensive point of view, if declarer crosses to dummy with a club to run the 10 North should rise with the ace to play a second diamond although in practice they will prevail as long as South is allowed to win with the queen and plays a second diamond.

When North unerringly led the ♣Q declarer won with dummy's ace, played a diamond to the ace and the ♠2. When North followed with the five declarer was back in the game and he continued with ♠Q, pitching a club. North won and played the ♣8, declarer ruffing and playing a heart to the king. That was followed by the ♠J for a diamond discard and now a cross-ruff would have seen declarer home. When he played a trump North could take the ace and queen and cash two diamonds for -200.

Having got past the ♠A the winning line (hard to see) is to cross ruff spades and diamonds. In the four-card ending declarer exits from dummy with a club and as the cards lie will score a trump trick from his remaining ♥J76.

North led the ♣Q and declarer took dummy's ace and played the ♠K, North winning and exiting with the ♣8. South took the king and played back the ♣10, declarer ruffing and playing the ♥J. North put up the ace and switched to the ♦K, declarer winning and playing the ♥3. When North followed with the four declarer went up with dummy's king which meant he was one down, -200 and a flat board.

Having scored a club trick South needs to switch to a red suit – a diamond is simplest. If declarer wins, ruffs a diamond and pitches two diamond on the spades it is clear two trump tricks must be lost.

## ECF Holding v Jupiter

Open Room

West	North	East	South
Muller	Lie	As'ad	Fasting
—	—	Pass	Pass
1♥	Pass	3♥	Pass
4♥	All Pass		

North led the ♠10 and when declarer put in dummy's jack, 12 tricks had turned into 11, +650.

Closed Room

West	North	East	South
Bogen	Nedev	Thoresen	King
—	—	Pass	2♦*
2♥	5♦	5♥	Pass
6♥	All Pass		

2♦ Weak

North led the ♦J and declarer won with the ace, cashed the ♥A and played a second heart, -100 and 13 IMPs.

It was the only table where 6♥ was bid.

Although I co-authored a book on the Multi with Jan van Cleeff I have a lot of respect for the less mysterious weak two in diamonds.

Note that if North does not lead a diamond declarer should score 12 tricks.

Everyone in the ALT Group played in 4♥.

Board 8. Dealer West. None Vul.

## Seligman v Scorway

Open Room

West	North	East	South
Shenkin	Starkowski	Spears	Kwiecien
1♦	1♥	Dble*	Rdbl
3♣	3♥	4♦	Pass
5♦	All Pass		

I can't resist telling you that Michal Kwiecien was urging Barnet Shenkin to hurry up – he was hungry. With the little hand approaching nine o'clock so was I – but in Poland it would be approaching 22.00!

North led the ♦9 and after due consideration declarer won in hand, went back to dummy with the queen, pitched a heart on the ♠A and ran the ♣8, +400.

Closed Room

West	North	East	South
Seligman	Levinson	Pszczola	Kvangraven
1♦	1♥*	Dble	Pass
3♣	Pass	3♦	Pass
3NT	All Pass		

North led the ♥6 and declarer ran for the hills, +400.

Is there a case for North to lead a spade?

It was the only table where 3NT was the final contract.

In the ALT Group 5♦ was the popular contract, although Fredin picked up 11 IMPs when he and Apteker were allowed to play in 3♥.

## WBF LAUNCHING A WORLD TOUR

### From the WBF website:

Already in 2019 the WBF took the decision to launch a yearly "World Bridge Tour", consisting of existing face-to-face international events, culminating in a Tour Final among the top ranked partnerships. Then Covid happened – ending most international face-to-face events.

As face-to-face events are getting back we will now finally launch the Tour, starting with a "dry-run" in the 2023 season, to fine-tune the ranking methods and classification of events. It would then go live as of the 2024 season.

More detailed information will follow but some key points are:

1. The ranking is of PARTNERSHIPS, not individuals, and a player can be ranked in several partnerships.
2. Some events will be pre-qualified by the Tour Organising Committee (such as the Transnationals at World and Zonal Championships and the main events at the NABCs).
3. Other event organisers can apply for their event to be included, and such applications are welcome already as of now. Applications should be sent by email to Jan Kamras – jankamras@gmail.com, with a copy to Arianna Testa – arianna.testa@worldbridgefed.com
4. A "sanctioning fee" will be required, depending on the category of the event, to support the costs of the Tour Final. No such fee will be charged for the 2023 "dry-run" season.
5. Both Pairs and Teams events will be included.
6. Participating events will be divided into 3 categories (similar to in Tennis) with different ranking point scales.
7. The ranking points are independent of WBF Master Points, but some WMPs will also be awarded in those events.
8. The current ranking will be continuously updated and published on the WBF website.
9. One or more sponsors will be sought, to allow participants in the Tour Final free room and board as well as some prize money and possibly a travel allowance. No entry fee will be charged.
10. The default requirements for an event to be included are:
  - (1) they must be open to all members of a WBF affiliated NBO,
  - (2) they must have a substantial international participation,
  - (3) they must be of minimum 3 days length (or about 150+ boards) and
  - (4) organisers must be able to furnish information on the number of boards or sessions played by a partnership in Team events.

Exceptions can be made at the sole discretion of the committee.

The WBF hopes that the Tour, and its continuously changing ranking, will add interest among the bridge community and assist event organisers in the promotion of their events, adding the status inherent in being a WBF World Tour event. Awarding WBF Master Points should also be attractive, especially for players not usually being able to play in WBF championships.

Our goal is that the Tour Final should become a truly great promotional event, consisting of the legitimately best performing partnerships of the season.
